CITY OF ST. LOUIS
**METROPOLITAN
POLICE DEPARTMENT**

2019
**ANNUAL REPORT
TO THE COMMUNITY**
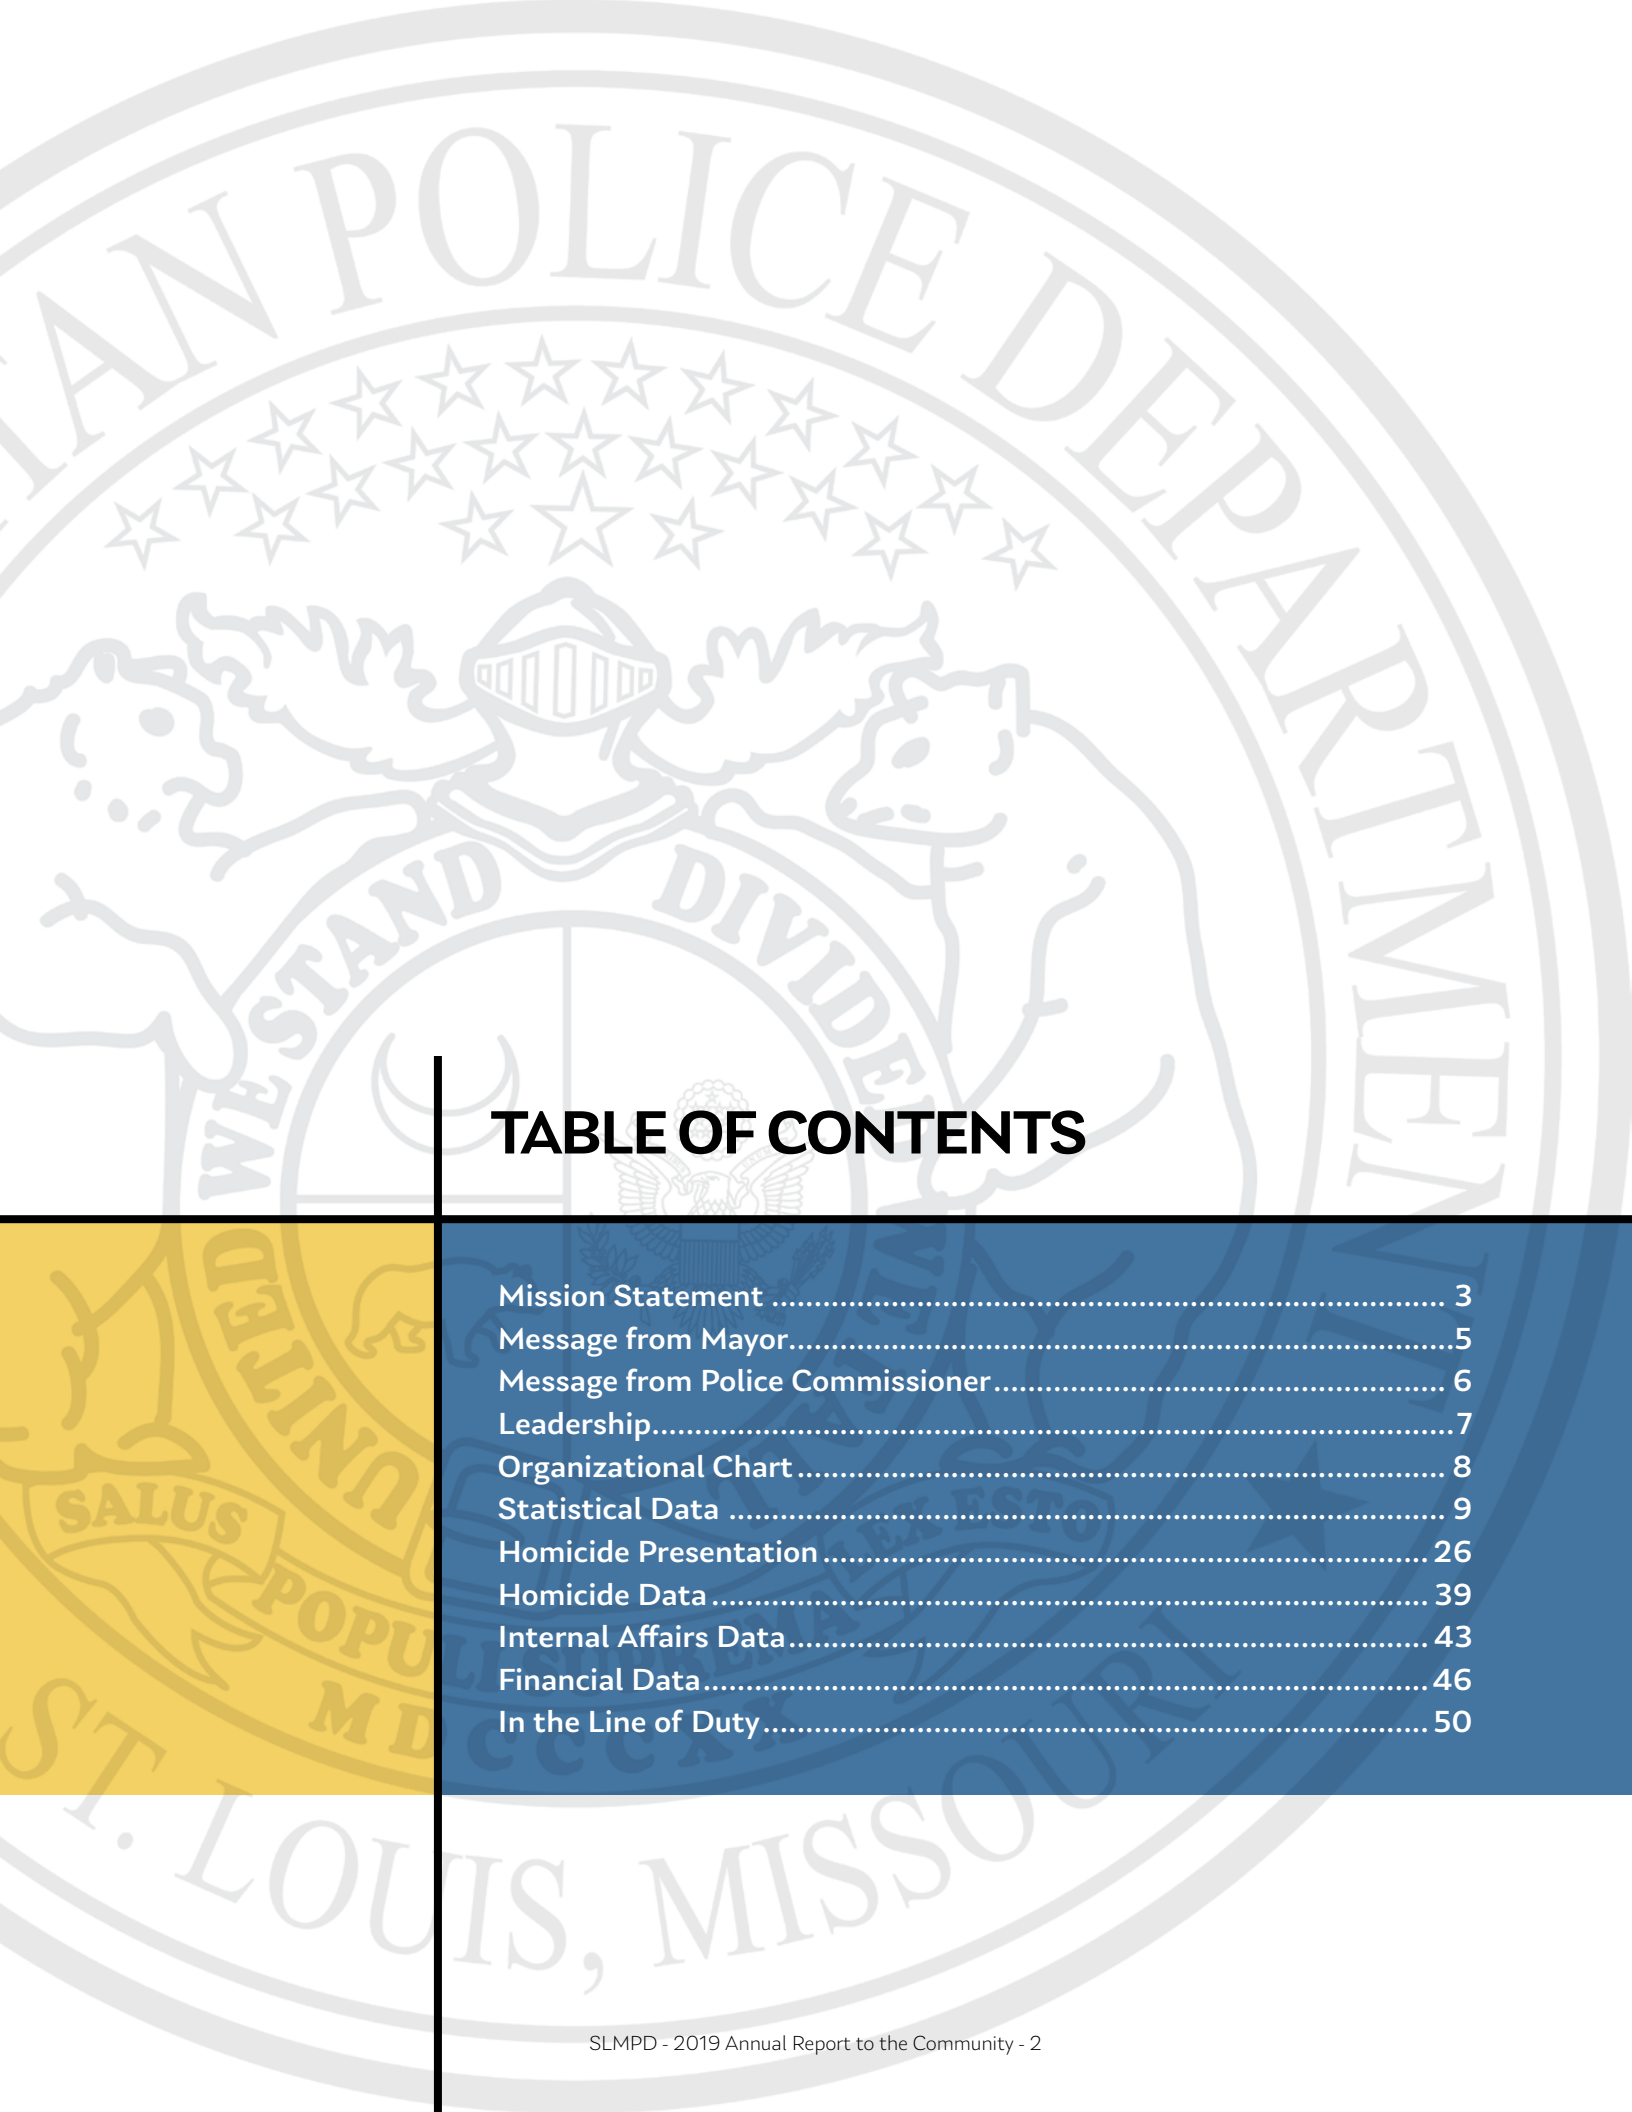

TABLE OF CONTENTS

MISSION STATEMENT

The mission of the Metropolitan Police Department, City of St. Louis is to protect, serve and assist citizens when conditions arise that may affect the well being of the individual or the community. Cooperating with others in the community, officers will work to prevent and detect crime, protect life and property and achieve a peaceful society, free from the fear of crime and disorder. Members of the Department will strive continually for excellence and maintain the peace through service, integrity, leadership and fair treatment to all.

LAW ENFORCEMENT CODE OF ETHICS

As a law enforcement officer, my fundamental duty is to serve the community; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation and the peaceful against violence or disorder; and to respect the constitutional rights of all to liberty, equality and justice.

I will keep my private life unsullied as an example to all and will behave in a manner that does not bring discredit to me or to my agency. I will maintain courageous calm in the face of danger, scorn or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed both in my personal and official life, I will be exemplary in obeying the law and the regulations of my department. Whatever I see or hear of a confidential nature that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, political beliefs, aspirations, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force of violence and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of police service. I will never engage in acts of corruption or bribery nor will I condone such acts by other police officers. I will cooperate with all legally authorized agencies and their representatives in the pursuit of justice.

I know that I alone am responsible for my own standard of professional performance and will take every reasonable opportunity to enhance and improve my level of knowledge and competence.
I will constantly strive to achieve these objectives and ideals, dedicating myself to my chosen profession…law enforcement.

Core Values

SERVICE | INTEGRITY | LEADERSHIP | FAIR TREATMENT TO ALL

MESSAGE FROM MAYOR

To the St. Louis Community:

We are living through some of the most extraordinarily challenging times in recent memory. But I want to assure you that the safety and well-being of our residents, businesses, visitors, and officers is my highest priority. Thank you to the brave men and women of the St. Louis Metropolitan Police Department who work tirelessly every day under difficult circumstances to fight violent crime and make our neighborhoods safe and vibrant. Putting your life on the line to protect and serve your community takes a special commitment. It means being faced with incredibly difficult decisions almost constantly. It means you are expected to perform with professionalism and level-headedness in high pressure environments. I send my continued gratitude to all our uniform officers and civilian employees who continue to meet these challenges day in and day out.

In 2019, we continued our efforts to actively recruit new officers and graduated more than 100 officers from the Academy. But the City's residency requirement remains a significant barrier to hiring and retaining good officers. In 2019, I began working with lawmakers in Jefferson City to repeal this requirement and bring St. Louis in line with every other jurisdiction in our region.

In 2019, we also strengthened our existing relationships with federal and state law enforcement partners and fulfilled our commitments to responsibly expand the use of technology like license plate readers and alleyway cameras to reduce crime, get drugs and dangerous weapons off our streets, and hold offenders accountable.

But we know improving public safety and building safer neighborhoods isn't just about policing. It's bigger and more complex than that. In 2019, we also worked to address quality of life issues by increasing investments in affordable housing, summer jobs for youth, recreation and after-school opportunities, vacant building demolition, and tackling illegal dumping and blight.

In 2019, we also initiated efforts to invest in community-based programs like Cure Violence that work to resolve disputes and address behavioral health and other root causes of crime in a holistic approach before they become a 9-1-1 call. This doesn't replace our continued need for police. Rather, it allows our highly skilled officers to do the job they're trained to do and maintain consistent focus on violent, high crime areas that need their help.

This 2019 Annual Report is a reflection of where we have shared some success together, but it also reminds us of where we continue to face challenges. Crime in any neighborhood affects the entire City, which is why we must continue working to build and foster trust and relationships between the community and police. As Mayor, I pledge to continue supporting and empowering our officers to ensure they receive the pay, training, resources, equipment, and technology they need to keep us all safe.

Sincerely,

Lyda Krewson

Lyda Krewson

Mayor, City of St. Louis

Going into 2019, I promised the citizens of St. Louis that I would work to open dialogues and strengthen the ongoing relationships with citizens as well as our local and federal partners in order to battle violent crime and help constructively advance the shared interest of safety in our region.

As you know, I added two crime reduction zones to my original one in North St. Louis. In 2019, we added a zone in Downtown and another in the Dutchtown-Gravois Park region. In 2019, the two new zones combined for a decrease of three homicides and an overall decrease of violent crime by 26.6%. Unfortunately, the original "Rectangle" was up by two homicides, but I would quickly attribute the increase to the heavy prevalence of drug-related homicides in the North Patrol Division this year. Two drug-related incidents in particular resulted in the death of seven persons.

In 2020, we will continue to focus on the "rectangle" strategy to combat violent crime and impact the flow of drugs into our City through our Drug Enforcement and Investigation Unit. Having worked through most of the logistical challenges, we are hopeful that our participation in the ATF's Gun Crime Strike Force will reap more significant benefits in 2020. We are hoping to see a drop in violent crime based on the arrest of 162 violent offenders this summer through our partnership with the US Marshalls. Operation Triple Beam and similar projects promise to remove a significant number of violent criminals from the streets of St. Louis.

Because of the number of deaths involving school-aged children this summer, our messaging within elementary and high schools across the City will be more deliberate and intentional by attempting to provide positive alternatives to at-risk youth. We will support the Cure Violence effort and work to build positive relationships with our citizens through greater community engagement at the District level. We also plan to strategically expand the use of LPRs, high visibility cameras and other surveillance systems through our RTCC.

I am proud of the nearly 70 cadets who graduated in 2019 and are currently working within our department alongside civilian and commissioned personnel. We also added 100 new officers who graduated from the Academy, and successfully completed our CALEA review in 2019. Lastly, I am most proud with the efforts of the officers who work hard each and every day. They issued over 20,000 tickets, and our Bureau of Specialized Enforcement effected nearly 800 arrests while seizing over 340 firearms and executed over 100 search warrants. Detectives assigned to the Bureau of Investigative Services, which includes Homicide, Sex Crimes/Child Abuse, Domestic Abuse Response Team, Juvenile, and Bomb and Arson worked on nearly 1,000 investigations. Lastly, our district officers increased their self-initiated activity by 26% while seizing over 2,500 firearms.

The St. Louis Metropolitan Police Department has and will continue to evaluate policy and evolve as we combat violent crime in our City. I look forward to working with citizens, visitors, and anyone who is willing to come together and make the City of St. Louis a fun and safe place to be.

John W. Hayden J.

Sources: AAR04MY & JAP04MY

Data are summarized based on the highest charge for a given arrest.

All individual juvenile apprehensions (17 years and younger) are included (both those booked and held by the Juvenile Court and those booked and released).

Citations for municipal violations are excluded.

Fugitive and bench warrant arrests are excluded.

*Excluding forcible rape and prostitution.

Note: The table headers span two groups — COMMUNICATION CENTER ACTIONS covers TOTAL CALL TRAFFIC and 911 EMERGENCY CALLS; CALLS FOR SERVICE RETRIEVAL ACTIONS covers DIRECTED INCIDENTS, TRU CALLS FOR SERVICE, TRAFFIC-RADIO INCIDENTS, and SELF-INITIATED INCIDENTS.

Total Call Traffic - The 911 Call Center is the primary answering point for emergency service calls (including
Police, Fire, and EMS) and for non-emergency service calls (including Police non-emergency and information).
911 Emergency Calls - Emergency calls received through dialing 911 or via alarm companies.
Directed Incidents - Dispatched calls with a priority of 1,2,3, or 4. (Does not include cancelled or duplicate calls). Based on Final Call Code.
TRU Calls - Calls For Service received by the Telephone Reporting Unit (TRU). (Does not include cancelled or duplicate calls).
Traffic-Radio Incidents - Calls based on radio incident codes. (Does not include cancelled or duplicate calls).
Self-Initiated Incidents - Calls based on radio incident codes. (Does not include cancelled or duplicate calls).

GRAND TOTAL	**187**	**193**	**3%**

Counting Homicides:

The F.B.I Uniform Crime Reporting Program (UCR) establishes all guidelines and procedures for the submission of crime data to the State UCR Program Coordinator (State Police). Murders are counted at the time that Homicide Investigators have determined that, after investigation, an intentional killing of a human being by another has occurred. Clearances of murders occur when at least one person suspected of committing the murder is taken into police custody for prosecution. Clearance is counted by the month that the suspect is taken into custody.

While the official homicide statistics, shown in the table on this page, counts homicides by the date they were coded (for example, if a person is fatally injured in one year, but succumbs to their injury in the following year, the homicide is officially counted in the year of death, and not the year of injury), the remainder of statistics in this report will not reflect those numbers, but rather only reflect those murders that occurred within that calendar year.
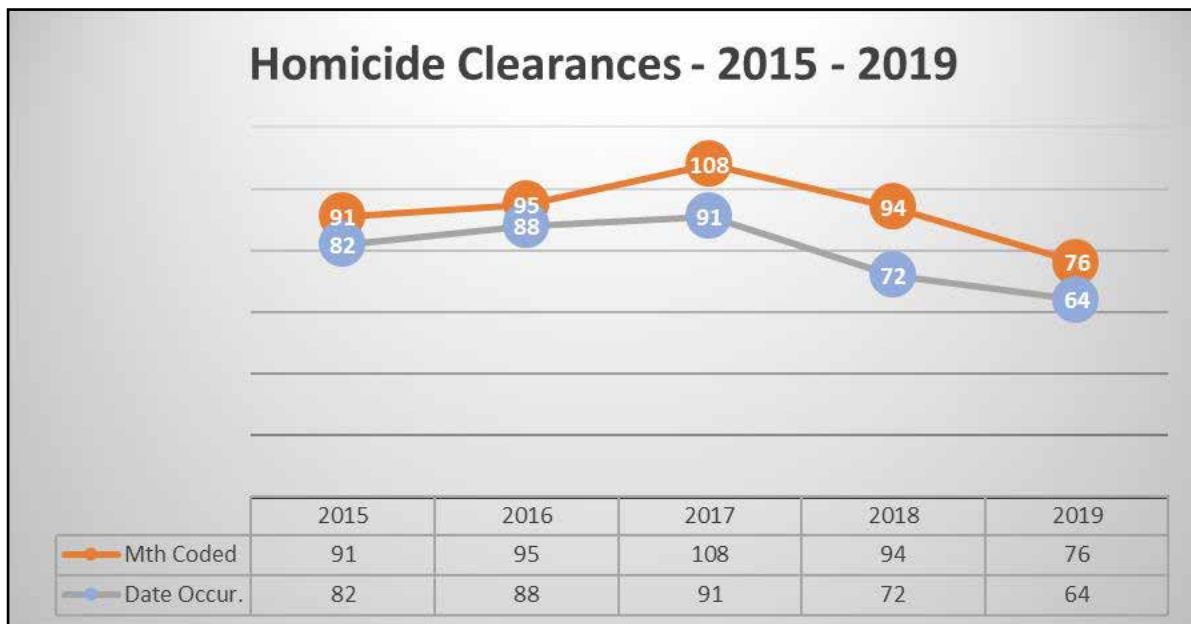

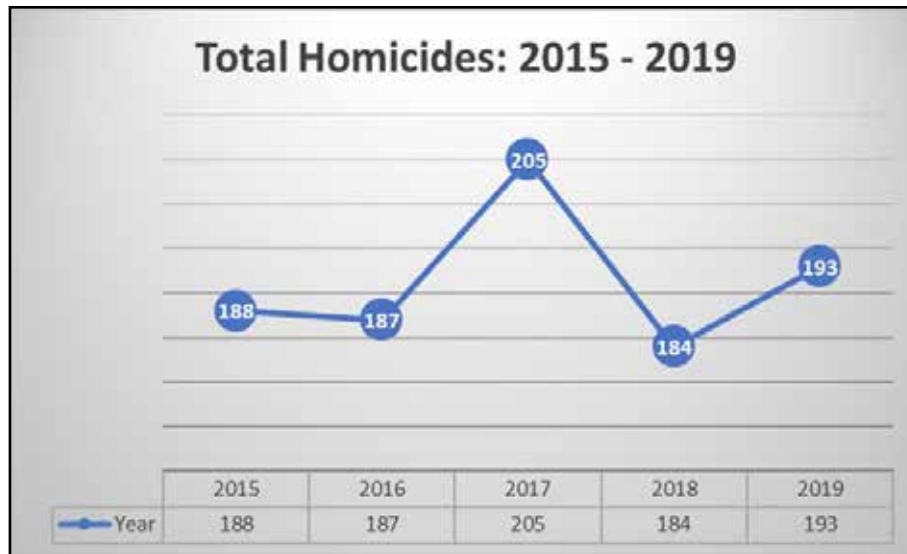

It is important to understand that UCR allows adjustments (e.g. clearances, reclassification, unfounded, etc.) from previous submitted months to be made the month that the adjustment becomes known to police.

Homicides by Month: 2015 - 2019

	January	February	March	April	May	June	July	August	September	October	November	December
2015	16	8	10	20	15	23	20	23	16	15	12	7
2016	15	4	18	22	14	15	18	27	14	12	12	16
2017	15	14	5	18	14	25	23	23	15	17	20	14
2018	18	10	13	11	18	15	22	12	22	19	6	21
2019	6	9	12	25	23	22	20	10	17	10	18	21

Homicide Clearances - 2015 - 2019

|	2015	2016	2017	2018	2019
Mth Coded	91	95	108	94	76
Date Occur.	82	88	91	72	64

RECAP

- The graphs above show the monthly, and annual, City of St. Louis homicide numbers since 2015.
- Crime victims may succumb to their injuries months or years after the incident. These figures include those victims who were injured in one year and died in another.
- While many crimes show seasonal changes, in the City of St. Louis, it does not appear that seasonality has direct effects on homicide.
- While we are able to look at homicide clearances by both the date the offender was arrested, regardless of when the homicide occurred (Month Coded), and by the date the homicide occurred, regardless of when the arrest was effected (Date of Occurrence) the official statistics, per UCR rules, are the Month Coded numbers.

Homicides by Day of Week

	SUNDAY	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY
2018	30	34	25	22	26	22	25
2019	31	41	21	27	23	21	29

Homicides by Time of Day

|	12AM-3AM	3AM-6AM	6AM-9AM	9AM-12PM	12PM-3PM	3PM-6PM	6PM-9PM	9PM-12AM
2018	23	13	7	22	18	30	28	43
2019	25	14	8	16	27	21	31	51

RECAP

- Much like in 2018, Mondays were the most violent day in 2019.
- There is a clear pattern when it comes to time of day, with the period between 6 pm and 12 am being the most likely hours for a homicide to occur, totaling 42% of this previous year's homicide.

RECAP

- The Map is an illustration of the locations where homicides have occurred within the City of St. Louis over the previous two years.
- As the map clearly illustrates, homicides within the city of St. Louis cluster to the Northern half of the city, and just West of I-55 and South of I 44 in South St. Louis.
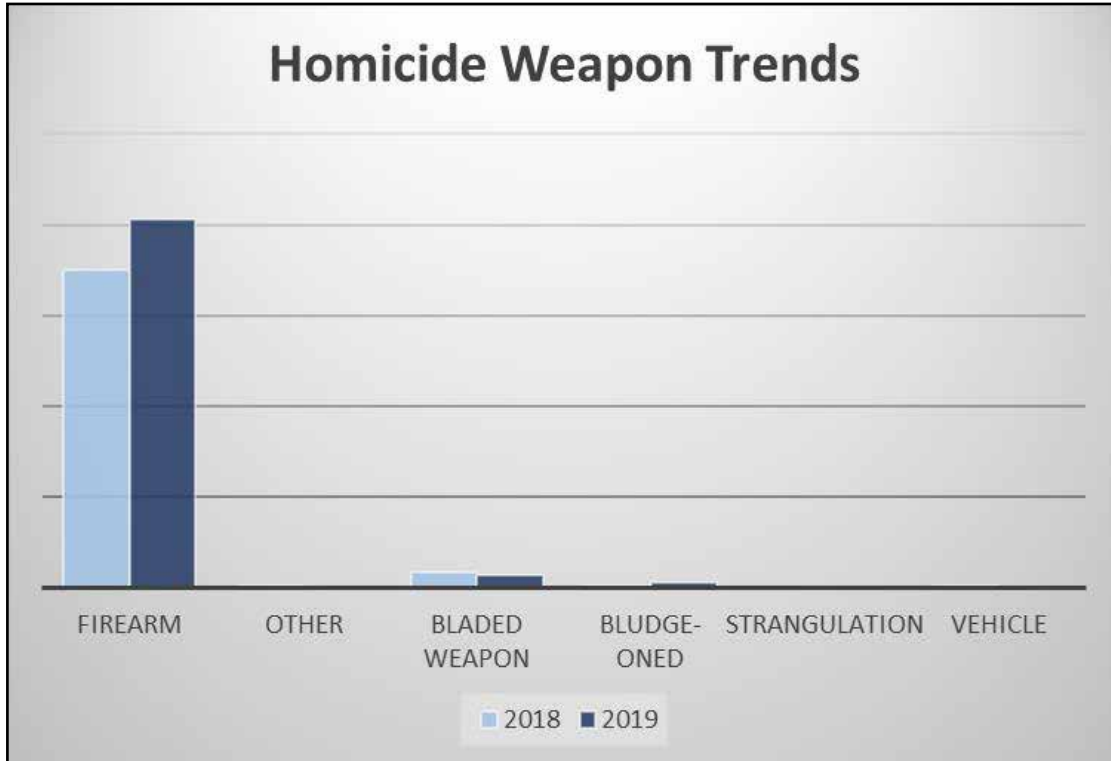

Legend
🔴 2019
⚪ 2018

Homicides By Police District

District	2018	2019
1	16	19
2	12	5
3	19	16
4	30	32
5	47	57
6	60	60

■ 2018 ■ 2019

RECAP

- The number of homicides per District remains mostly consistent from year to year within each District, with the exception of District 2, which saw a substantial decrease from 2018 of -57%.
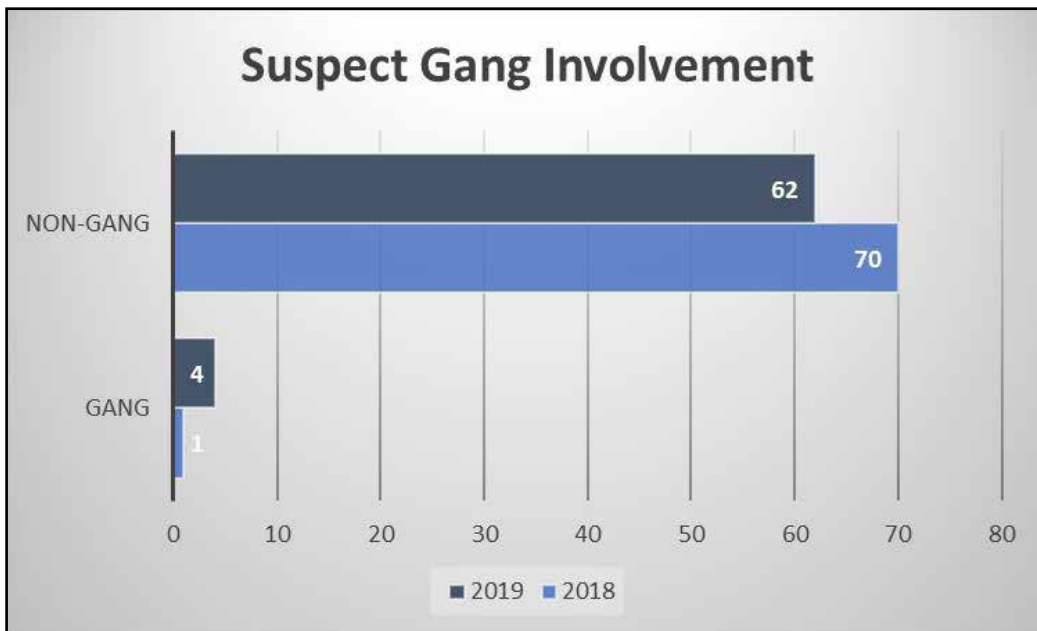

Homicide Weapon Trends

	2018	2019	% Change
FIREARM	175	203	13.79%
OTHER	1	0	Incalculable
BLADED WEAPON	9	7	-28.57%
BLUDGEONED	1	3	66.67%
STRANGULATION	0	0	0.00%
VEHICLE	1	0	Incalculable

RECAP

- The graph and table above show City of St. Louis homicide trends as they relate to weapons used from 2018 and 2019.
- Most of the homicides were committed with a firearm.

Victim Gang Involvement

	2019	2018
NON-GANG	192	174
GANG	1	10

Suspect Gang Involvement

	2019	2018
NON-GANG	62	70
GANG	4	1

RECAP

- Known gang involvement is low for both victims and suspects.
- Gang involvement hovers around 10% for both victims and suspects and has for several years.
- This graph ONLY represents those that have a known and documented gang affiliation and does not include any informal or non- "gang" groups or crews, which have become more common in recent years.

Race/Ethnicity of Homicide Victims
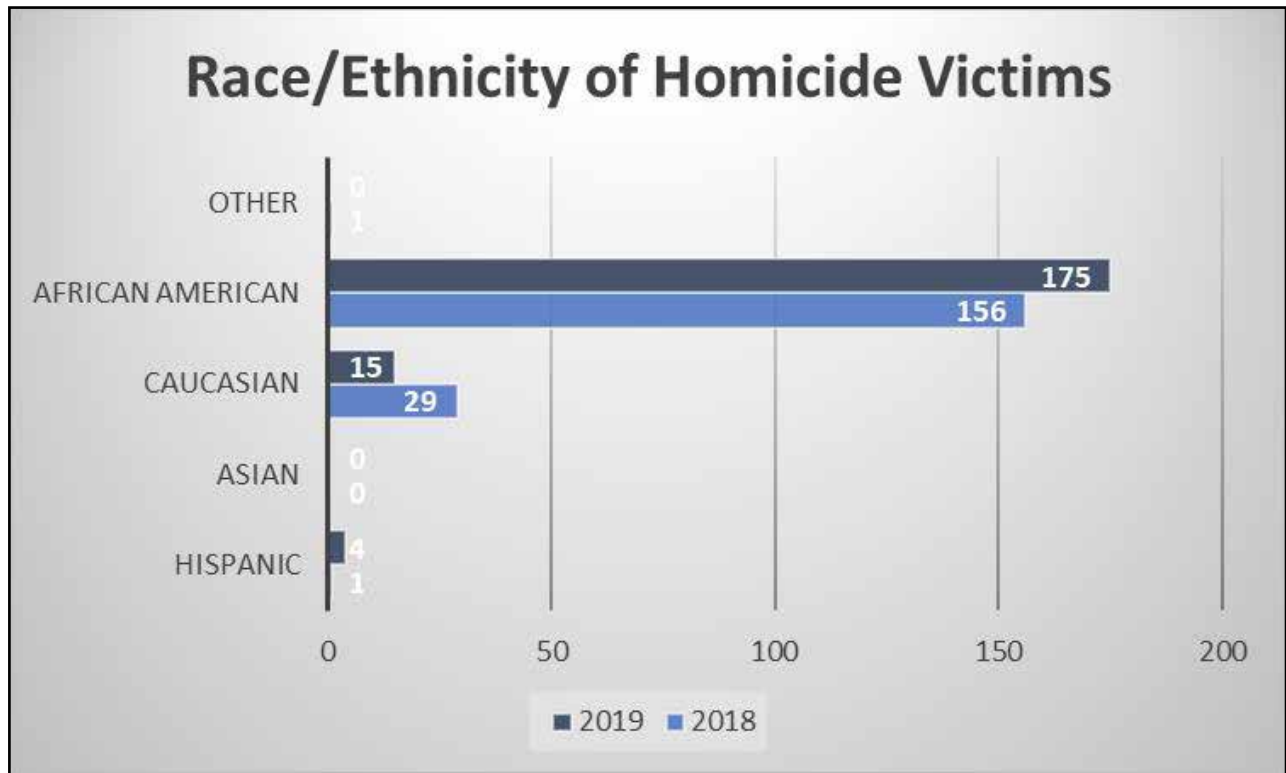

Victims were largely MALE, with 80-87% of victims over the previous two years being MALE.

92% of victims had some sort of substance in their system per the Toxicology report.

As the tables show, victims were largely African American as well.

Average AGE varies widely. In 2012 it was 30, while in 2013 the average age was only 19. This year (2019) it is 32.8.

92% of victims were under the influence, up from 2018's 85%.

RECAP

- Between 70 & 81% of homicide victims in 2018 and 2019 had a criminal history.

Race/Ethnicity of Homicide Suspects

Criminal History of Known Homicide Suspects
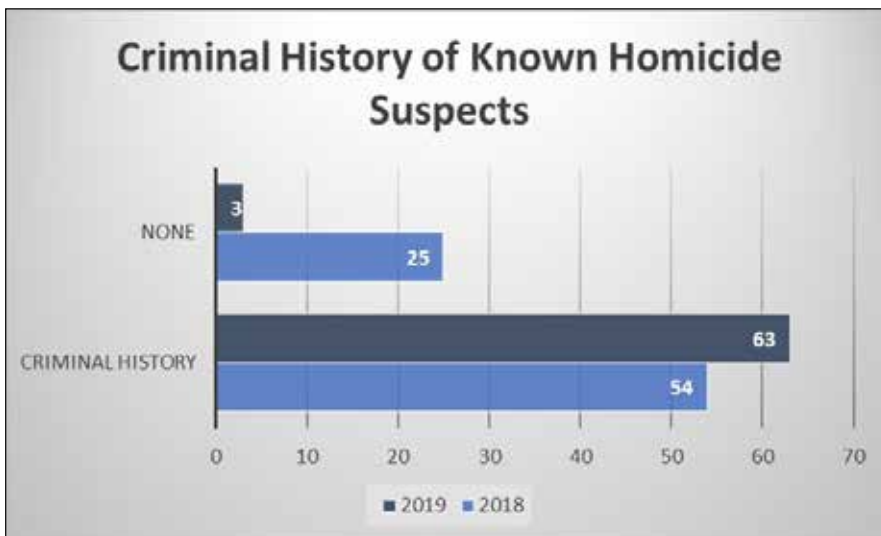

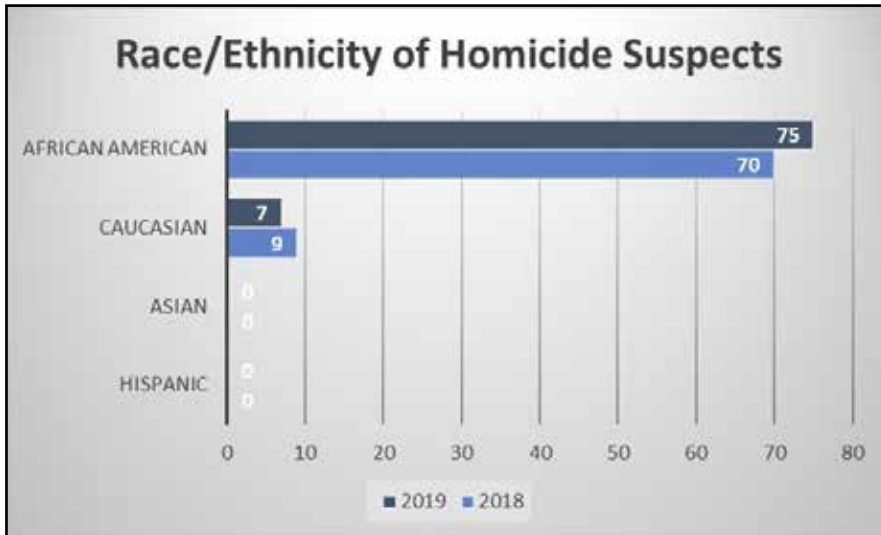

Suspects were largely male, with 87% in 2018 and 91% in 2019 being male.

As the tables show, suspects were largely African American as well.

Average age doesn't vary as widely in suspects as it does with victims. In 2013 & 2017 it was 31, while in 2014 - 2016 the average age was 28. Average age in 2019 was 32.2 .

Toxicology cannot be determined on Suspects as most are not arrested at the time of the incident.

Suspect criminal history was 91% in 2016, down to 85% in 2017, and further down to 68% in 2018. In 2019, criminal history was back up to 84%.
