Metropolitan Police Offer Anti-Theft Devices to Protect Citizens

Ninth District to sell anti-theft devices to citizens at discounted rate

The Metropolitan Police Department, City of St. Louis (“the department”) Ninth District will be selling car clubs and other anti-theft devices on Tuesday, December 10, 2013, from 3 p.m. until supplies last at the Central West End N.S.I. Office located at 447 N. Euclid.

The clubs, which normally sell for approximately \$40 retail, will be sold at the discounted rate of \$13. Also for sale are license plate covers for \$5, license plate fasteners for \$3 and portable security cases for \$20.

Auto theft is often a crime of opportunity for thieves. When they see a vehicle that appears to be an easy target, they attack. The club is a highly successful anti-theft device that’s been shown to deter car theft. License plate covers and fasteners also are successful in deterring license plate larcenies. Portable security cases are used for securely storing a gun, wallet or other property to reduce risk of theft.

The event is open to everyone, regardless of residence.
