

The Metropolitan Police Department, City of St. Louis (“the department”) unveiled a new feature on the department’s official website, www.slmvd.org. Citizens can now access downloaded crime files for the city of St. Louis, free of charge, via the website. Citizens can utilize the new tool by clicking the ***Crime Information*** tab on the www.slmvd.org homepage, followed by clicking on ***Crime Statistics***, which includes a link on the page to ***Downloadable Crime Files***.

The online crime report listings webpage is an internet site which provides basic information about crimes reported to the department that occurred within the city of St. Louis. The crime information listed on the webpage covers January 2008 through September 2012. Crime information on the webpage will be updated by the 10th of each month.
