MISSION STATEMENT

The mission of the Metropolitan Police Department, City of St. Louis is to protect, serve and assist citizens when conditions arise that may affect the well being of the individual or the community. Cooperating with others in the community, officers will work to prevent and detect crime, protect life and property and achieve a peaceful society, free from the fear of crime and disorder. Members of the Department will strive continually for excellence and maintain the peace through service, integrity, leadership and fair treatment to all.

LAW ENFORCEMENT CODE OF ETHICS

As a law enforcement officer, my fundamental duty is to serve the community; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation and the peaceful against violence or disorder; and to respect the constitutional rights of all to liberty, equality and justice.

I will keep my private life unsullied as an example to all and will behave in a manner that does not bring discredit to me or to my agency. I will maintain courageous calm in the face of danger, scorn or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed both in my personal and official life, I will be exemplary in obeying the law and the regulations of my department. Whatever I see or hear of a confidential nature that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, political beliefs, aspirations, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force of violence and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of police service. I will never engage in acts of corruption or bribery nor will I condone such acts by other police officers. I will cooperate with all legally authorized agencies and their representatives in the pursuit of justice.

I know that I alone am responsible for my own standard of professional performance and will take every reasonable opportunity to enhance and improve my level of knowledge and competence.

I will constantly strive to achieve these objectives and ideals, dedicating myself to my chosen profession...law enforcement.

Core Values

SERVICE | INTEGRITY | LEADERSHIP | FAIR TREATMENT TO ALL

MESSAGE FROM POLICE COMMISSIONER

Coming into 2020, I promised our citizens that the St. Louis Police Department would strengthen its efforts toward combatting violent crime in our City. To meet that promise, the Department increased our community engagement with our citizens and developed strong relationships with our federal partners. During the beginning of 2020, I was encouraged by several successful projects wherein numerous violent offenders had been taken into custody. Then in spring 2020, COVID-19 struck, and we struggled to maintain our normal response to crime. The Department endured an increased number of quarantined staff and was forced to limit our citizen contacts to keep citizens and officers as safe as possible, under the circumstances. Despite these challenges, by the end of May 2020, we were down five UCR homicides Year-To-Date, compared to 2019, and things seemed to be trending in the right direction. Unfortunately, by the end of July our UCR homicide numbers rose to 30 more than the same time in 2019.

Simultaneously, beginning on June 1st, the St. Louis Police Department experienced the beginning of protests in response to the tragic in-custody death of Mr. George Floyd in Minneapolis. On that evening and during the summer that followed, we experienced numerous incidents in which officers were fired upon with several being struck. Social justice protests and demonstrations continued in our City, and officers responded to well over 150 protests in the downtown area alone.

In response to the sharp rise in homicides and violence directed toward our officers, we deployed Operation Legend. This initiative allowed forty-five Homeland Security investigators to ride with our St. Louis Metropolitan Police officers on a daily basis. We also received assistance from the Missouri State Highway Patrol, who dedicated five Troopers to the project. This contributed to a 40% decrease in August and September combined homicides compared to June and July combined homicides.

As we closed out 2020, we made another major stride toward building trust in our community through the planned deployment of 650 body worn cameras and over 100 in-car cameras. Our Communications Division also saw upgrades to our Computer Aided Dispatching System which allows non-emergency calls to be distinguished from emergency calls. Additionally, our partnership with Behavioral Health Response allows clinicians to ride in patrol cars with officers and respond to calls involving a mental health crisis. I believe these changes will assist us in ensuring we provide appropriate responses to non-emergency and mental-health related incidents.

As we've moved into 2021, we are reevaluating our operational responses and how we can use technology to assist us in addressing crime. Our Crime Analysis Unit has assisted in designating data-driven mission zones, which pinpoint the most violent areas across the city that require additional attention. The Department has also expanded our ShotSpotter technology into several areas in the City.

The St. Louis Metropolitan Police Department has and will continue to evaluate and evolve as we combat violent crime in our City; and I am encouraged that these improvements will enhance the Department's ability to work with citizens, visitors, and anyone who is willing to come together and make the City of St. Louis a fun and safe place to be.

A handwritten signature in black ink that reads "John W. Hayden Jr." The signature is written in a cursive style.

HOMICIDE PRESENTATION 2020

EXECUTIVE SUMMARY - HOMICIDES

HOMICIDE COUNT:

- 2020 Homicide Total - 286

HOMICIDE DEMOGRAPHICS:

- 87% of the victims were male
- 87% of the victims were African-American
- 44% of victims were aged 18-29
- 23.3% of victims were African-American males between the ages of 17 & 29
- 77% of victims had a criminal history (vs. 86% in 2019)
- 88% of known suspects have an arrest history (vs. 84% in 2019).

GEOGRAPHIC AREAS AFFECTED

- 28% of homicides occurred in District 6
- 27% of homicides occurred in District 5
- 74% of homicides occurred in half of the city's 6 districts

TYPICAL HOMICIDE SUMMARY

- Homicide Victim & Suspect
 - firearm crime
 - male
 - African-American
 - 18 - 29 years of age
 - has a criminal history

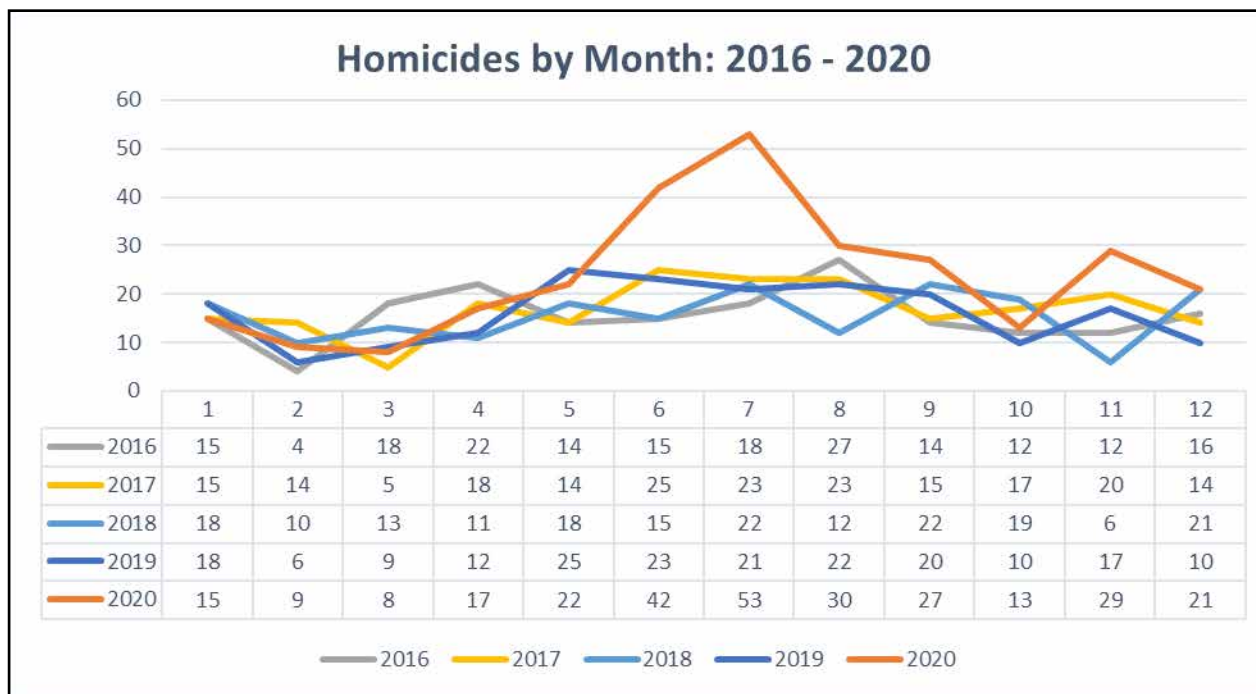

COUNTING HOMICIDES: TEMPORAL ANALYSIS

Counting Homicides:

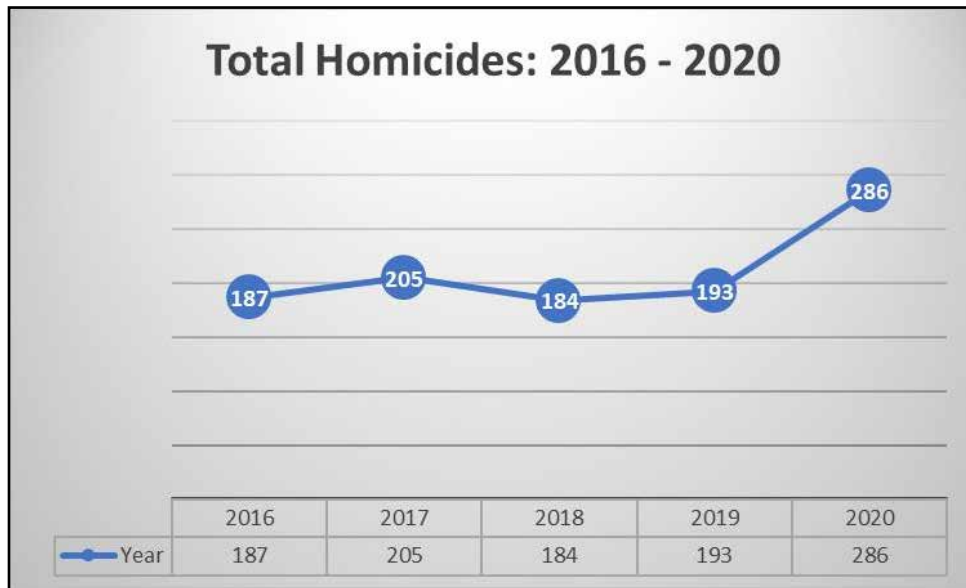

The F.B.I. Uniform Crime Reporting Program (UCR) establishes all guidelines and procedures for the submission of crime data to the State UCR Program Coordinator (State Police). Murders are counted at the time that Homicide Investigators have determined that, after investigation, an intentional killing of a human being by another has occurred. Clearances of murders occur when at least one person suspected of committing the murder is taken into police custody for prosecution. Clearance is counted by the month that the suspect is taken into custody. While the official homicide statistics, shown in the table on this page, counts homicides by the date they were coded (for example, if a person is fatally injured in one year, the homicide is officially counted in the year of death, and not the year of injury), the remainder of statistics in this report will not reflect those numbers, but rather only reflect those murders that occurred within that calendar year.

It is important to understand that UCR allows adjustments (e.g. clearances, reclassification, unfounded, etc.) from previous submitted months to be made the month that the adjustment becomes known to police.

MONTH	2019	2020	% Change
JANUARY	18	15	-17%
FEBRUARY	6	9	50%
MARCH	9	8	-11%
APRIL	12	17	42%
MAY	25	22	-12%
JUNE	23	42	83%
JULY	21	53	152%
AUGUST	22	30	36%
SEPTEMBER	20	27	35%
OCTOBER	10	13	30%
NOVEMBER	17	29	71%
DECEMBER	10	21	110%
GRAND TOTAL	193	286	48%

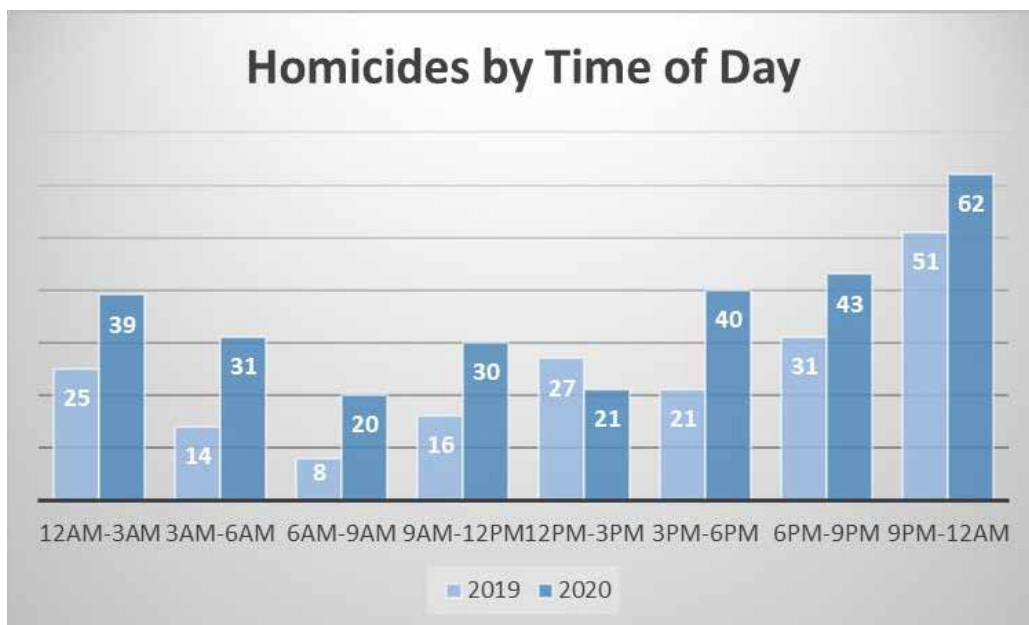

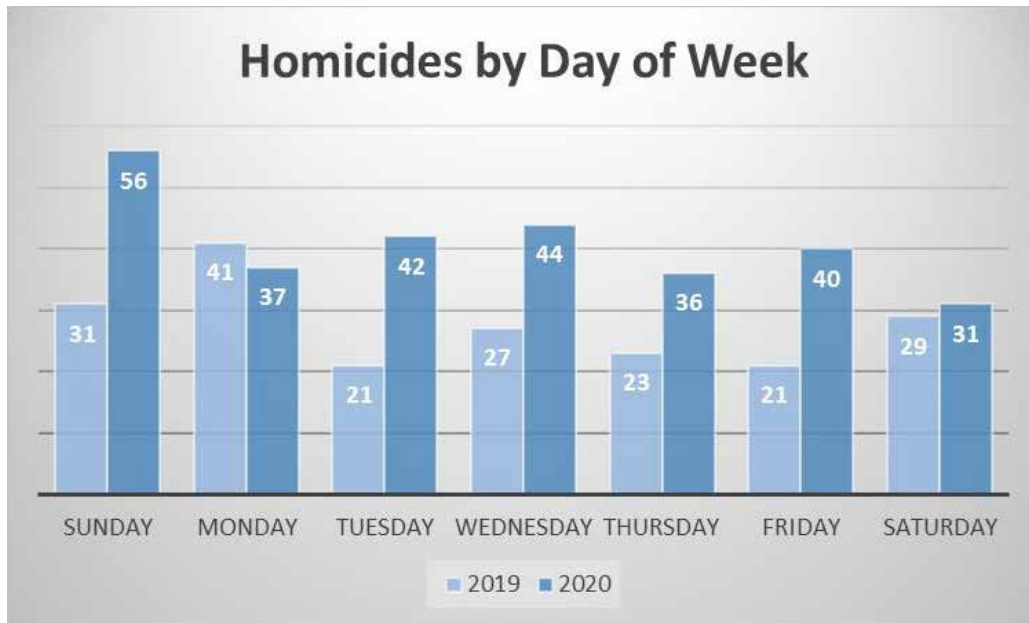

COUNTING HOMICIDES: TEMPORAL ANALYSIS

RECAP

- The graphs above show the monthly, and annual, City of St. Louis homicide numbers since 2016.
- Crime victims may succumb to their injury's months or years after the incident. These figures include those victims who were injured in one year and died in another.
- While many crimes show seasonal changes, in the City of St. Louis, it does not appear that seasonality has direct effects on homicide.
- While we are able to look at homicide clearances by both the date the offender was arrested, regardless of when the homicide occurred (Month Coded), and by the date the homicide occurred, regardless of when the arrest was effected (Date of Occurrence) the official statistics, per UCR rules, are the Month Coded numbers.

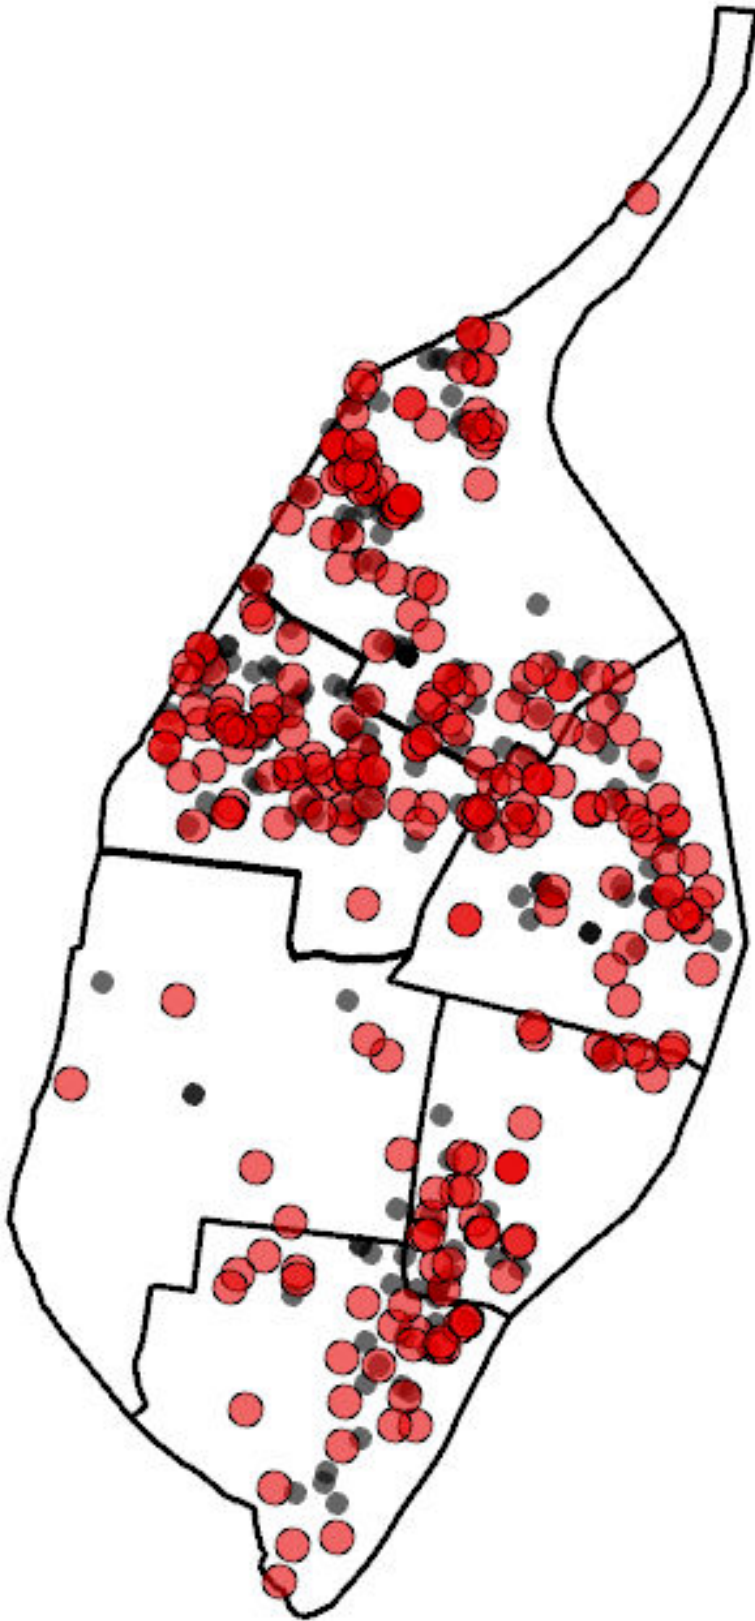

COUNTING HOMICIDES: TEMPORAL ANALYSIS

RECAP

- Day of week is not particularly relevant, though Monday stuck out in 2020.
- There is a clear pattern when it comes to time of day, with the period between 3 pm and 12 am being the most likely hours for a homicide to occur, totally 51% of the 2020 homicides.

THE GEOGRAPHY OF HOMICIDE

RECAP

- The map is an illustration of the locations where homicides have occurred within the City of St. Louis over the previous two years.
- As the map clearly illustrates, homicides within the city of St. Louis cluster to the northern half of the city, and just west of I-55 and south of I-44 in south St. Louis.

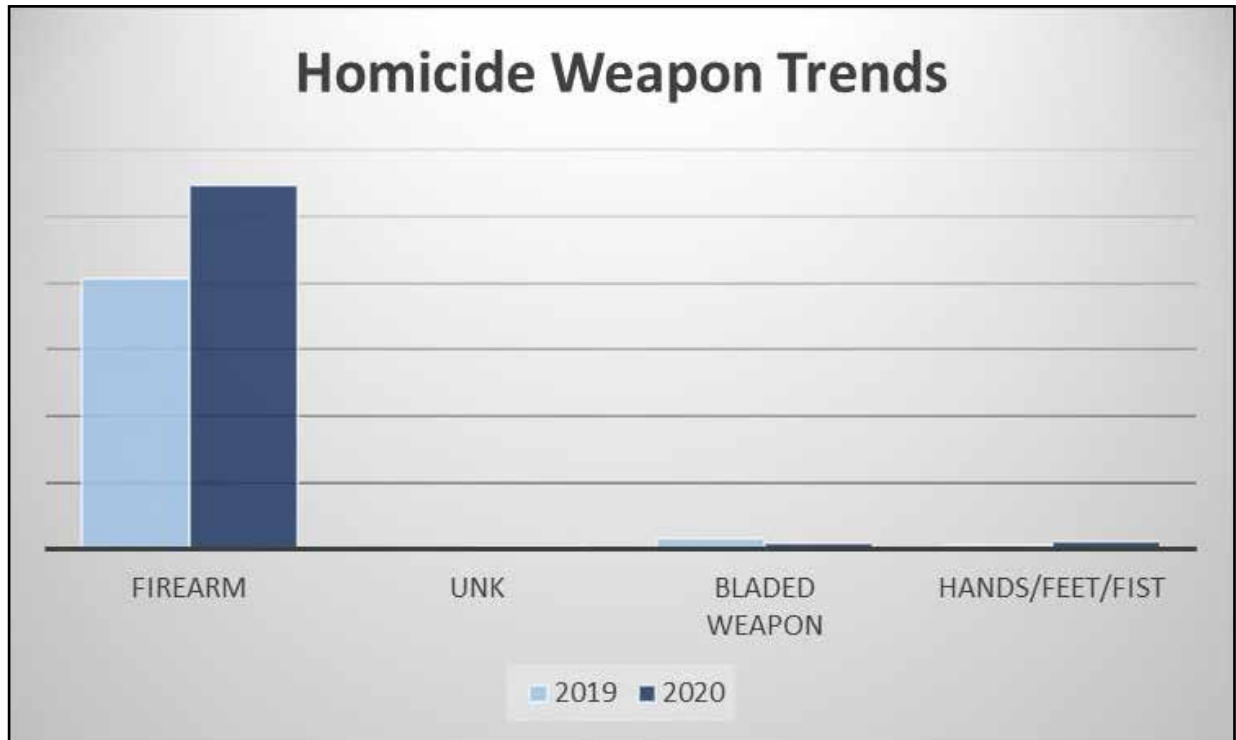

THE GEOGRAPHY OF HOMICIDE

RECAP

- The number of homicides per District remains relatively consistent from year to year within each District, despite the steep uptick nationwide, in 2020.

WEAPON ANALYSIS

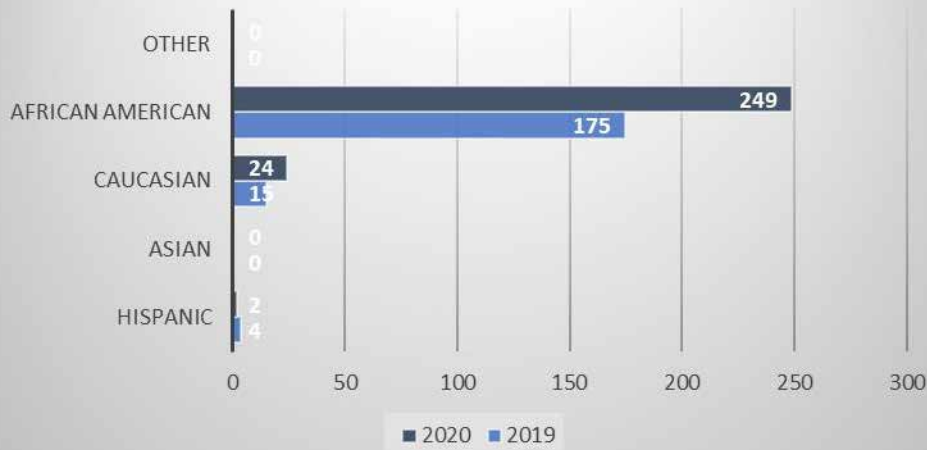

WEAPON TYPE	2019	2020	% Change
Firearm	203	273	25.64%
UNK	0	1	100.00%
Bladed Weapon	7	4	-75.00%
Hands/Feet/Fist	3	5	40.00%

RECAP

- The graph and table above show City of St. Louis homicide trends as they relate to weapons used from 2019 and 2020.
- Most of the homicides were committed with a firearm.

VICTIMOLOGY: AGE, GENDER, AND RACE / ETHNICITY

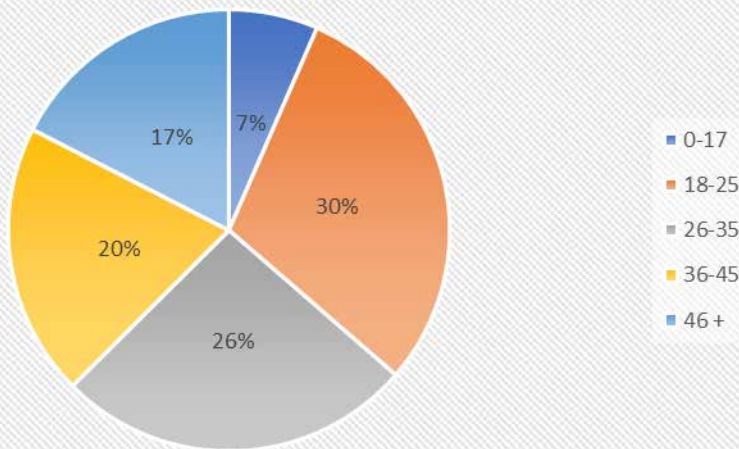

Race/Ethnicity of Homicide Victims

Victims were largely MALE, with 86-87% of victims over the previous two years being MALE.

As the tables show, victims were largely African American as well.

Victim by Age Group

Average AGE varies widely, though the 18-25 age group is slightly more prone than others.

VICTIMOLOGY: CRIMINAL HISTORY

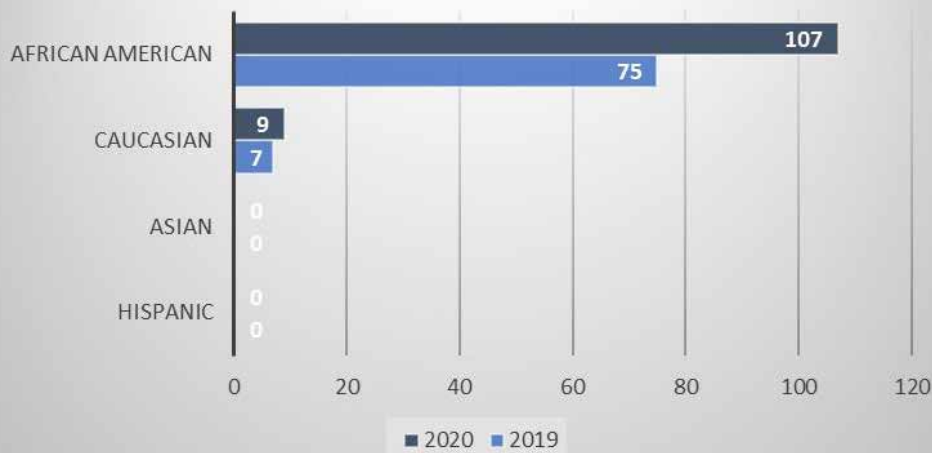

RECAP

- Over 77% of homicide victims for the past 2 years had a criminal history.

SUSPECT INFORMATION: AGE, GENDER, & RACE/ETHNICITY

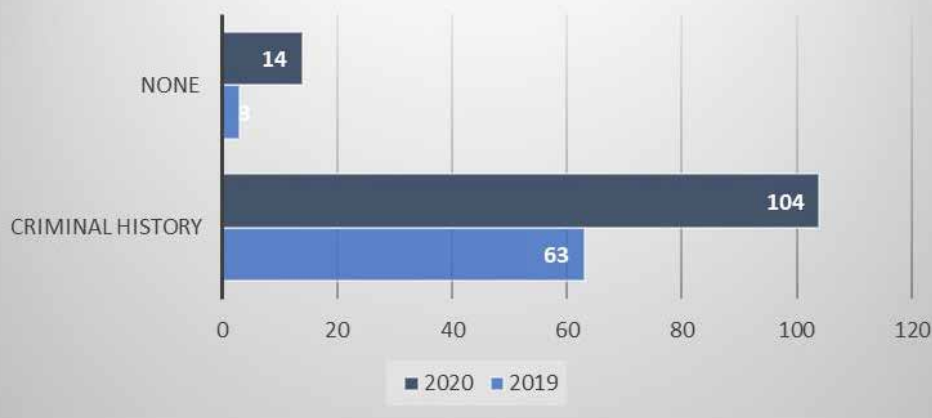

Race/Ethnicity of Homicide Suspects

Suspects were largely male, with 89% in 2020 and 91% in 2019 being MALE.

As the tables show, suspects were largely African-American as well.

Criminal History of Known Homicide Suspects

Average age doesn't vary as widely in suspects as it does with victims staying between 28 & 32 over the past 5 years.

VICTIM/OFFENDER RELATIONSHIP & HOMICIDE CIRCUMSTANCES

RECAP

- The graphs above show the relationship between victim and offender and the motive of the homicide, when known. Most are unknown as many are unsolved, and even when cleared, motives and relationships do not always present themselves clearly.
